We had a great turnout for the Blessing of the Fleet thanks to the efforts of a number of people from both CLSPS and the New Bern Yacht Club. I think the weather made up for last year's rainout as it was a picture perfect day. In addition to the efforts of members from the New Bern Yacht Club including Bill McHale for all of his efforts, I want to thank our members; Neal Byrne, Bill Gewain, Ed Gagnon and Rob Thompson for their efforts, as well as, Marty and June for taking pictures at the event and sharing them with the rest of us. Putting together the Blessing of the Fleet took a great deal of work and our organizing committee's efforts in obtaining Matt Engelbrecht from WITN to be our Master of Ceremony and the great venue provided by the Grand Marina were excellent choices in helping to make this a memorable event.

Due to the successful completion by our Education Department of the recent ABC class, our efforts at the Oriental Boat Show (again with the help of Jim Starr and his Education Dept. conducting a knot tying seminar), and the success of the Blessing of the Fleet, I am hopeful that we will have several new members or at least prospective members showing up at our next member dinner on May 16th. Let us all help to make them feel welcomed.

Please be sure to keep up with upcoming events, which in addition to being listed here in the Outlook, are also posted to the Calendar at the CLSPS.org website. New events will continue to be added as we progress through the year."

The Outlook and other great information are available at the CLSPS website:

## Education Officer

P/C Jim Starr, JN

April was a good month for the Cape Lookout Sail & Power Squadron Education Department.

We ran a seminar titled *Essential Knots for Boaters* at the Oriental In-Water Boat Show on April 9. Twenty seminar students showed up to learn hands-on how to tie five critical knots from instructors Lloyd Moore, Jane Moore, Rob Thompson, Sherrie Starr, Van Rice, Marty Warner, and Jim Starr. Students mastered the knots, the instructors had a great time, and the seminar resulted in some additional traffic at our booth at the boat show. We may get a few new members out of this. A big thank you to our instructors for their enthusiasm and support.

We ran a very successful ABC class on April 16<sup>th</sup>, 23<sup>rd</sup>, and 24<sup>th</sup>. We tried a number of new things for this ABC session, and were very successful. Details are in another article in this edition of the Outlook.

So what's next? Long-time, highly-rated instructor Kurt Weinheimer will be teaching Seamanship starting June 7. Seamanship is the first in our set of core courses. Seamanship presents material applicable to both power and sail, covering such topics as the construction and functioning of a boat, the skipper's responsibilities, preparing the boat for use, handling and maneuvering a vessel under various conditions in close quarters and on the open water, rules of the road, anchoring, emergencies, and marlinspike/basic knots. It's a great course, and a chance to learn from a very experienced boater with an extensive education background. Contact me to sign up.

We have a Piloting class starting in July, and Advanced Piloting starting in September. Cruising & Cruise Planning is also scheduled for September, and we'll run another session of ABC in October.

Sign up for a course and learn from the best – our members!

## Meet Our CLSPS Instructors!

By Jim Starr, SEO

In CLSPS, some of our most dedicated members are those who make the commitment to teach our educational program. These folks are often under-appreciated. They have vast experience and expertise, and they make a big commitment of their time to deliver the USPS curriculum augmented and enriched with their own on-the-water war stories. In this series of articles, I want to introduce you to our instructors and recognize their contributions. This month, meet **P/C Lloyd Moore, JN**, our lead instructor for the America's Boating Course.

Lloyd has been sailing for more than 30 years, including several offshore passages to/from the Caribbean. He started sailing on a 16' day sailor, and currently owns a 35' Ericson. He and his wife Jane have chartered sailboats up to 50' in the Virgin Islands and Florida.

In 1992, after a career in software development, he completed the Marine Surveyors course at Chapman's School of Seamanship. Lloyd passed the USCG Master's license exam, for power and sailing vessels and commercial towing.

Lloyd has been a USPS member since 1988, and has served on the bridge of both the local squadron and the District organization for more than 15 years.

"Before taking the Public Boating course and joining USPS, I thought I knew everything I needed to know about boating. Taking the course was an eye-opener for me: I realized that I didn't even know what I didn't know. USPS education courses are continually updated with the latest developments in technology and boating safety, and I believe any boater, regardless of his/her experience, would benefit from taking every course."

## Administrative Officer

Lt/C Jane Moore, AP

We enjoyed our boat trip down the Trent River on Monday, 18 April, to join the squadron for the fish fry at the Water's Edge Restaurant at River Bend Marina. It was a delicious dinner and we had two prospective members join us – Julie Mincey and Ken Morison. Julie is a travel agent and has placed an ad in our newsletter.

The Blessing of the Fleet on 7 May was well attended with 19 boats and 65 members of CLSPS and New Bern Yacht Club, and boaters from New Bern Grand Marina. Thank you to Lt/C Neal Byrne and Cdr Jim Reynolds for organizing the event with members of the New Bern Yacht Club, Commodore Karl Lichty and Bill McHale. Our guest speaker Matt Engelbrecht, Chief Meteorologist with WITN-TV arranged the beautiful weather for us. Squadron members assisted boaters by doing Vessel Safety Checks during the morning.

Our May dinner meeting will be 16 May at The Chelsea with Capt. Joe DiBella speaking about the restoration and preservation of the Cricket II, the boat that inspired the book and movie JAWS. Now it is used for enriching the lives of disabled veterans and wounded warriors with fishing adventures aboard the Cricket II. Please send your reservation to Linda Whitley, 252 631-4083, see invitation in the Outlook.

Lt Bill Gewain has put together events and cruising opportunities for the coming months. Please mark your calendars and join other Squadron members on the water. June 11, 12 at River Dunes Marina is the Hope Sail Regatta and Power Boat Predicted Log Weekend. Cruise by boat or come by land yacht. Grace Marina at

River Dunes offers free 3 day boat slip with \$200 donation to Hope Clinic.

On June 17, 18 and 19, D27 is holding the D27 Rendezvous in Washington, NC. Please check out the D27 website for registration information. There will be a reception at the Estuarium on the Waterfront on Friday evening and fun activities on Saturday, dinner on Saturday evening on the Waterfront. Hope to see many of the Squadron members there.

On June 20, the summer solstice cruise to Cape Lookout National Park; co-sponsor is New Bern Yacht Club. Gather at Town dock downtown Beaufort at 10:30 am for shallow draft boats to cruise the inside passage. Shackleford Island to Harker's Island and Cape Lookout NP. Anchor at beach on the east end of the Bight. Sailboats will go by the Atlantic Ocean to the Bight. Contact Lt Bill Gewain for more information, 252 288-5444 or [southridge72@gmail.com](mailto:southridge72@gmail.com).

Our Squadron is still in need of a Membership Committee Chair. Please consider volunteering your time to help welcome new members to Cape Lookout Sail & Power Squadron. Some of the responsibilities of the chair are: identify individuals who will become an asset to the squadron; work with the SEO to develop methods to follow up with prospective members; be familiar with membership requirements; be efficient and well organized in the timely processing of documents required and use new web tools to register new members on line. Check out the National website for additional information <http://www.usps.org/>.

## **Website Calendar P/C Richard Tobacco**

Several months ago our CLSPS Officers graciously agreed to maintain their calendar items, (e.g. Jim Starr maintains the education schedule and Jane Moore maintains [most of] the event items). This is working well, but might be a bit confusing.

When our current website was developed, I linked the calendar to my 'webmaster2' Google account. Officers edit items on this account in order to maintain their calendar items. The result is their updates appear to come from me.

Google Calendar automatically appends an accept/reject tag to any calendar notifications. Please ignore this tag and respond by email to the 'respond to' name indicated on the notice. This will ensure your 'will attend' intentions will be recorded.

Last year, in order to make the menu buttons compatible with smart phones, I restructured the menus. This reduced visibility of some categories such as event photos. I will be adding a 'Site Map' menu button to help you locate items.

If you find a typo or have a suggestion, please let me know. You can use the webmaster2 email shown in the footer.

## **Solstice Cruise June 20**

Cruise to Cape Lookout National Seashore.

Leave the Radio Island launch ramp at 1000 and meet at Town Docks in Beaufort. Shallow boats head "inside" (Shackelford and Harkers Island), and deep water boats go "outside" (Atlantic) to Cape Lookout.

This event is co-sponsored with the New Bern Yacht Club.

## **Carolina Coastal Classrooms**

You've probably seen the 1915 Skipjack ADA MAE along the New Bern waterfront. She is owned and operated by the non-profit foundation, Carolina Coastal Classrooms.

You can help with their program by a charitable gift or volunteering to work on the boat or help with her maintenance. See their website for further information: <http://www.carolinacoastalclassrooms.com/>

## New ABC Format Successful; Pelican Bay Buys Lunch

CLSPS tried a new format for the recent America's Boating Course session held in New Bern. Rather than our traditional 8-week, two-hour-per-week evening format, the class was delivered in two 8-hour Saturday sessions, followed by a half-day on the water to demonstrate and practice the main class teachings. Our instructors—Lloyd Moore, Van Rice, and Jim Stevens—liked the new format because it meant concentrated class time combined with fewer weeks that the instructors had to be available. Our students also liked the format—everyone stayed engaged throughout the full-day sessions, all eight students qualified for the NC Boater Education Certificate, all liked the on-water sessions, and several will become CLSPS members. Given the success of this class, the Education Department will consider a similar format for other course offerings.

Pelican Bay Boatworks, 118 First Street in New Bern, made a \$100 donation to subsidize lunch for the students on both Saturdays. This allowed an efficient lunch break, and made it possible to resume class quickly after a satisfying noon meal. Thank you Pelican Bay!

## Vessel Safety Check Program

### So You Just Think You Are Ready?

I knew we would be doing Safety Checks at the Blessing of the Fleet so the day before in the semi darkness of my salon I checked the date on my flares – looked to be good until 2018. So Lloyd Moore came aboard and started the check and looked at the flares in the bright daylight – and the date became 2015 – much to the chagrin of the long time chair of this team. So the message – that is why we do the checks of your vessel – to make sure all items are REALLY ready for the season. So in addition to catching a lot of grief (and someone may have put another note on this issue somewhere else in the Outlook) I am now ready to have another boat check on our vessel and go boating. How about you?

## DER RUMTOPF MEISTER

### P/C WILHELM J. ASH SN, H

The good Captain Hornblower and I were sitting out a modest thunderstorm within the confines of the *Jolly Tar* when an ear shattering belt of thunder almost took us into the next county. I've changed it from modest to downright awful.

"Good God, P/C, that was a close one. My ears are steaming. I hope ..." Hornblower was cut off by still another ear piercing blast that rocked the old cat boat a good one. "P/C, if the mast gets struck we will be in real trouble."

"Never mind Horatio. Here, let me give you something to take your mind off electrical discharges. I made it this past year and it's been ready for harvesting. It's called *Rumtopf*. I brought along some ice cream, cake and this sauce of German origin. Give this a try." Hornblower took a spoon and gingerly tried the treat.

"My Lord, this has a wonderful taste. You call it *Rumtopf*? I think I recognize the taste of rum. Am I correct? How do you make it? Are you a *Rumtopf* Meister?"

"It's made with different kinds of fruit, cut up and placed in a medium sized ceramic or stainless steel container. Now is the best time of the year to start the project. Strawberries are in season; take a pint of them, remove the stems, wash and quarter each berry and place them in the container. Add sugar to your taste and cover with a fine quality rum. Seal the container. Do the same to raspberries when they come in season. Just layer them on top of the strawberries. Cover the fruit with rum. Add more sugar!"

"Then, when the small dark plums come to the market, buy a handful, wash and remove the pits, slice into half inch cubes, place in the container and cover with, you guessed it, rum.

Do the same with peaches remembering to cover with the rum. Make sure the container is tightly sealed and store in a closet. Let stand until Christmas or the New Year. You may want to stir the contents before your first serving. Spoon it over cakes and ice cream. It's a fine treat that will make you forget the claps of thunder in spring and howling snow storms in winter. Enjoy."

### Booster Club

Money collected from the Booster Club helps defray the cost of our Dinner Meeting speakers.

Only a small portion (about \$17) of our dues to USPS is returned to the Cape Lookout Squadron. We need help keeping our books in the Black. Please contribute to the Booster Club. Any amount is helpful, but \$10 per person is a suggested amount.

### Random Thoughts

If I had a dollar for every girl that found me unattractive, they'd eventually find me attractive.

I find it ironic that the colors red, white, and blue stand for freedom, until they're flashing behind you.

Today a man knocked on my door and asked for a small donation towards the local swimming pool, so I gave him a glass of water.

I changed my password to "incorrect," so whenever I forget it and type in something else the computer will say, "Your password is incorrect."

## Oriental Boat Show

April 8-10

It was windy and cool at the Oriental Boat Show. Volunteers "manned" our CLSPS information booth. P/C Jim Starr led a seminar where he introduced several "Essential Knots", and then the squadron members helped people learn and practice those knots.

## Ships Store

**P/C Diana Thompson, AP**

Do you need anything from the Ship's Store? What about a new knit shirt? They come in various colors. Ask me and I will show/tell you what is available. Also, we now carry ladies shirts with more of a "v" neck style. There have been requests for this style. See them at the next membership meeting, and see what nice colors they come in. If a burgee is starting to show its age, a new one would probably be most welcome. For any special requests, please don't hesitate to call me (see end of article for contact information).

**Knit Shirts:** Ladies and men's short sleeve knit shirts are \$30.00. Sizes 2X and 3X sell for \$33.00. They are available in red, white, navy, and other colors by request.

Sizes: Ladies: Sm., Med., Lg., X-Lg., 2X, and 3X.

Men's: Sm., Med., Lg., X-Lg., 2X and 3X.

**Denim Shirts:** Denim cloth shirts come in both short and long sleeves.

They are priced at \$25.00. Sizes--same as above.

**Squadron Burgee** sells for \$25.00.

**Pennant magnets** are priced at \$5.00. They can be placed on your vehicle or used on the refrigerator.

**Hats and Visors** sell for \$10.00.

**Fleece jackets:** Men and Women--sizes S, Med, Lg, and X-Lg sell for \$42.00. XXLg sells for \$45.00.

**Fleece Vest:** We have it in navy, but it can be ordered in other colors.

Sizes S, Med., Lg., and XLg (Ladies and Mens) sell for \$36.00. XXLg sells for \$40.00.

If anyone has any suggestions for other items to be carried in the Ship's Store, please let me know.

You can contact me at 252-638-2565, or email me at [michris@embarqmail.com](mailto:michris@embarqmail.com). If you send an email and I do not contact you in a timely manner, please call me as it might not have gone through.
